

Safety Officer / Site Installations

Heavy Industries builds some of Canada's most interesting public art and creative construction projects and we are looking for a Safety Officer / Site Installations to assist our estimating team with multiple pursuits.

PRINCIPLE RESPONSIBILITIES

Safety

- Lead site Safety and develop safety culture of company.
- Maintain a safe job site and ensure that the requirements of the Occupational Health and Safety Act are followed and enforced.
- Maintain a neat and tidy site, site office and appearance on site of trades and employees.
- Maintain and enforce good construction standards and quality control.
- Maintain control and responsibility for the security and operation of HEAVY's directly owned equipment and tools on the job site.

Installations

- Assist in the preparation of the project schedule. Monitor and maintain the project construction schedule on a daily / weekly basis.
- Review the project plans and specifications and comment on the project design, scheduling, possible cost savings measures and potential construction problems.
- Review and accept the general installations budget.
- Have confidence in own ability to intelligently communicate with design team, PM and client as well as effectively lead the trades.
- Contact, schedule and coordinate all subcontractors, suppliers and utilities. Understand trades scope of work and value of work - hold accountable to deadlines and milestones.
- Inform the Project Manager, design team of any errors, discrepancies or omissions contained within the project drawings, schedule, order of operation. Raise and discuss relevant issues at the job site meetings.
- Coordinate and direct independent testing and inspections as required.
- Control and monitor labour, material and equipment expenses. Assist in the preparation of the monthly cost forecasting summaries.
- Prepare and expedite project deficiency lists.

WHAT IS IN IT FOR YOU?

- Job Satisfaction:** You will get to directly participate in some of Canada's most interesting (and high profile) creative construction and art projects.
- Job Variation:** You will never get bored in this fast paced environment. Every project is different and every day comes complete with its own unique challenges and problems for you to solve.
- Job Opportunity:** You will be exposed to opportunities to grow and develop our relatively young business into one of the world's premiere manufacturing companies. We have not plateaued and do not plan on doing so any time soon.
- Culture:** You will get to work with fun, dynamic and highly skilled people that are driven to succeed.
- Remuneration:** You will be paid relative to the experience you bring and your accomplishments; you will be rewarded with company success. You will get a company phone, plenty of vacation, and be added to our benefits program.

QUALIFICATIONS

- Excellent time management skills with the ability to multitask
- Demonstrated ability to work both as part of a team and independently
- NCSO certified with 5 years experience
- Journeyman Tradesman – preferably commercial construction Carpenter
- Held position of Site Foreman, Site Supervisor, Site Lead on \$750K + job sites
- Solid knowledge of construction, steel fabrication, concrete, carpentry, custom manufacturing processes, and the ability to read drawings
- Detail-oriented
- Ability to work in a fast paced team environment
- Ready for a challenge - lead by example
- Confident decision maker.
